

How to Fix the Reference Problems

- 1) References should be in alphabetical order.
 - 2) References do not follow ADS format (APA 7).
-

The authors could use Google Scholar and search for the references and choose one in APA and put it in the references, e.g. the authors could search for

Vu Thi Ngoc Tu & Vu Thai Giang & Hoang Anh Phuoc & Nguyen Thi Hai Thien & Tran Quoc Thanh & Nguyen Thi Hue & Mai Quoc Khanh & Luong Thi Thanh Hai, (2023). "Impact of Factors on Students' E-Learning Outcomes Evidence from Pedagogical Universities in Vietnam with Applications in Decision Sciences," *Advances in Decision Sciences*, Asia University, Taiwan, vol. 27(2), pages 28-45, June.

In <https://scholar.google.com/>

they should be able to get the APA format as

Tu, V. T. N., Giang, V. T., Phuoc, H. A., Thien, N. T. H., Thanh, T. Q., Hue, N. T., ... & Hai, L. T. T. (2023). Impact of Factors on Students' E-Learning Outcomes Evidence from Pedagogical Universities in Vietnam with Applications in Decision Sciences. *Advances in Decision Sciences*, 27(2), 28-45.4

And put this in the references.

Effendy, E., Yusuf N, M., Romano, R., & Safrida, S. (2019). Analisis struktur biaya produksi dan kesenjangan pendapatan petani akibat fluktuasi harga minyak nilam. *Jurnal Ekonomi Pertanian dan Agribisnis*, 3(2), 360–375.

for paper, the authors should make the references consistent and conform to the format of the references in ADS, e.g.

Bargeron, L. L., Lehn, K. M., & Zutter, C. J. (2010). Sarbanes-Oxley and corporate risk-taking. *Journal of Accounting and Economics*, 49(1-2), 34-52.

Are not consistent.
