

## How to Format Your Paper

The authors should put the footnote at the end of the title, not at the beginning, e.g.

### **<sup>1</sup>National Culture as a Determinant of Corporate Capital Structure: Empirical Evidence from Three Emerging Economies**

Should be

### **National Culture as a Determinant of Corporate Capital Structure: Empirical Evidence from Three Emerging Economies<sup>1</sup>**

---

If  $a + b = 1$ , the Cobb-Douglas function demonstrates that the returns to scale are constant because the output increases by a factor of  $m$ .

should be

If  $a + b = 1$ , **then** the Cobb-Douglas function demonstrates that the returns to scale are constant because the output increases by a factor of  $m$ .

---

Thus, improving energy efficiency has important practical significance for high-quality economic development.  $\frac{MP_k}{P_k} = \frac{MP_L}{P_L}$  . (6)

should be

Thus, improving energy efficiency has important practical significance for high-quality economic development **as shown in the following relationship:**

$$\frac{MP_k}{P_k} = \frac{MP_L}{P_L} . \quad (6)$$
